## BACK TO SCHOOL: MOLDOVA

For many of the families we support, the cost of school supplies and additional educational fees can feel overwhelming.

Our Back to School campaign provides children living in poverty with backpacks that contain all the school supplies that they need for the following year.

In Moldova we have distributed 2,112 backpacks, helping to alleviate the financial burden for their families and enabling the children to thrive at school.

## MOLDOVA

01-02

Join us in giving thanks that all of our backpacks with school supplies have been delivered to the children we support as they start the new school year on 1st September.

03-04

Please pray for the 2,640 children and 344 adults who participate in our Bible correspondence course; as well as our coordinators, Elena and Anastasia who organise and run the course.

**05-06**

We are celebrating that we have been able to offer 77 families with self-sufficiency project support so far this year. Please pray that this support would help increase these families' income.

**07-08**

Since starting our children's support programme in Lapusna last year, we have been able to support 320 children. Please pray that these children's lives will continue to be transformed.

**09-10**

Due to the harsh economic climate in the country, many families are struggling to secure jobs and are having to go abroad to work. Please pray for our economy and the families we support.

**UKRAINE**

School children learning in Ukraine

**11-12**

We praise God that we were able to hold our summer camps this year. Despite the ongoing war we were able to provide 1,000 children with a vital time of fun and peace.

**13-14**

Please pray for the safety of our children as they begin the new academic year - that they would be able to physically return to their schools.

## **WAR VS EDUCATION**

The majority of schooling still takes place online. Even where there is no active fighting, children have a mix of online and offline schooling; with warning sirens occasionally interrupting their learning. It is not only their education that is impacted. The children are also affected emotionally and psychologically too due to the stress of the war.

## SEPTEMBER

## UKRAINE

17-18

Please pray for good weather conditions and a strong harvest this autumn, especially as most of our families rely on home grown produce as a source of food and income.

15-16

Following our prayer request for the son from Family T who had a kidney transplant, we are pleased to report that he is rehabilitating well, which is encouraging for his family.

19-20

Please pray for one of the displaced families we support - the father has been diagnosed with sarcoma and feels worse each day. Please pray for his healing and treatment.

## BULGARIA

21-22

Please pray for our backpack campaign, that the children would confidently excel at school. Please also pray for our upcoming self-sufficiency projects that will help families in need.

Please pray for Fikra from a family we support in Ognyanovo - she has had to be rushed back into hospital again due heart problems. Please pray for her healing and for her family.

25-26

The political situation in Bulgaria continues to be unstable and unclear. Please pray that God will raise up good leaders and that we would see a regular state government formed.

Please pray for the children we support as the new school year begins - that they would realise the importance of education and that God's protection would be over them.

## SUMMER CAMPS: VOLUNTEERS

Without our volunteers, our summer camps would not be possible.

This year in Bulgaria we had 60 volunteers giving up their time to help us prepare and deliver the content.

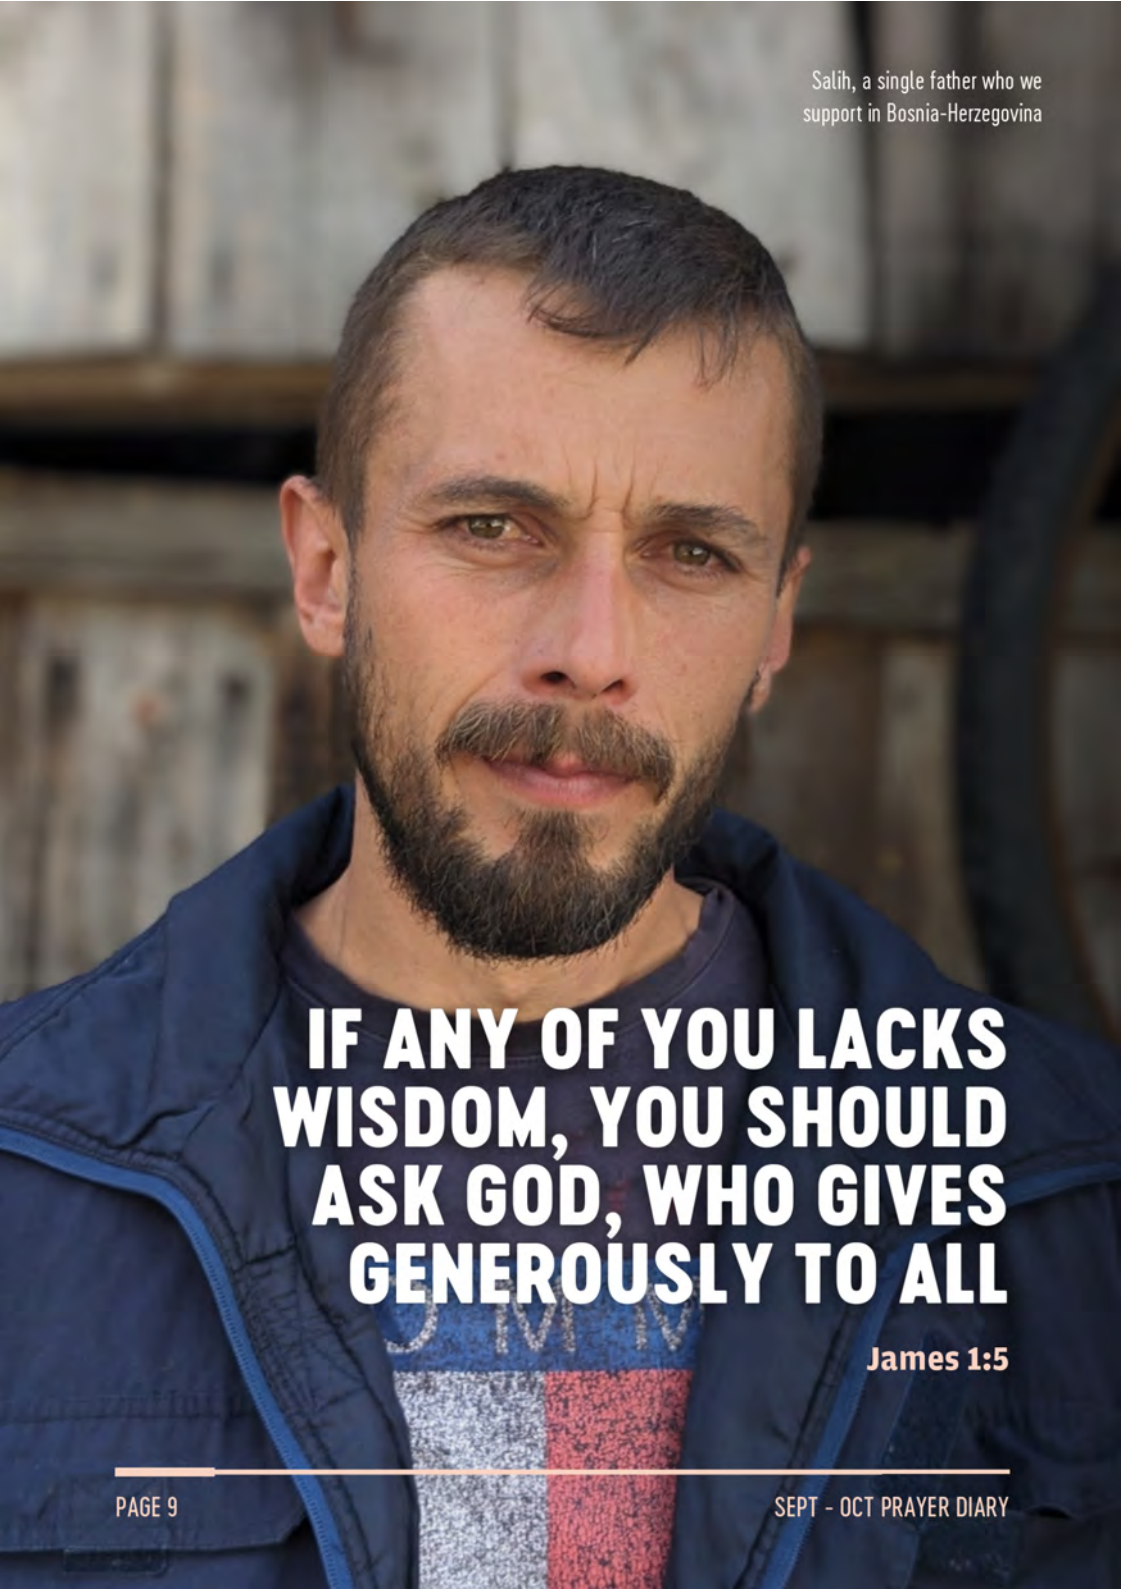

Please pray for our volunteers, for a blessing over them.

your will, for you

As previously shared, please continue to pray for a pregnant mother we support who has breast cancer. She will give birth by c-section and have surgery to remove the tumour in her breast.

**21-22**

Please pray for the emotional wellbeing of the children we support - there is a lot of bullying that goes on at school and sadly many of them are affected by it.

## **AFTER SCHOOL: ALBANIA**

For children growing up in poverty, education is not always seen as a priority.

Thanks to our staff and volunteers, we are able to provide children with a safe space to do their homework, receive additional academic support, enjoy a hot meal, and participate in social activities, including Bible studies, games and singing.

Our aim is to help children stay in school and receive the education they need.
